## CERTIFICATE OF ANALYSIS

### 1-Hydroxy Empagliflozin

#### Identification

|                   |                                                                                                                                        |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| Product Name      | : 1-Hydroxy Empagliflozin                                                                                                              |
| Chemical Name     | : (2S,3R,4S,5S,6R)-2-(4-chloro-3-(4-(((S)-tetrahydrofuran-3-yl)oxy)benzyl)phenyl)-6-(hydroxymethyl)tetrahydro-2H-pyran-2,3,4,5-tetraol |
| CAS No.           | : 1279691-35-8                                                                                                                         |
| Molecular Formula | : C <sub>23</sub> H <sub>27</sub> ClO <sub>8</sub>                                                                                     |
| Molecular Weight  | : 466.9                                                                                                                                |
| Structure         | :                                                                                                                                      |

#### Analytical Information

|                       |                                 |
|-----------------------|---------------------------------|
| Appearance of Product | : Off White Hygroscopic Solid   |
| Solubility            | : ACN: H <sub>2</sub> O (8:2)   |
| Long Term Storage     | : 2° 8° C for long term storage |
| HPLC Purity           | : 94.10 %                       |
| Weight Loss by TGA    | : 2.22 %                        |
