## CERTIFICATE OF ANALYSIS

### Citalopram USP Related Compound F

#### Identification

|                   |                                                              |
|-------------------|--------------------------------------------------------------|
| Product Name      | : Citalopram USP Related Compound F                          |
| Chemical Name     | : Dimethyl-(1-Methyl-3,3-Diphenyl-Allyl)-Amine Hydrochloride |
| CAS No.           | : 55011-89-7                                                 |
| Molecular Formula | : C <sub>18</sub> H <sub>21</sub> N: HCl                     |
| Molecular Weight  | : 251.4: 36.5                                                |
| Structure         | :                                                            |

#### Analytical Information

|                       |                                 |
|-----------------------|---------------------------------|
| Appearance of Product | : White Solid                   |
| Solubility            | : ACN: H <sub>2</sub> O (8: 2)  |
| Long Term Storage     | : 2° 8° C for long term storage |
| HPLC Purity           | : > 97.35 %                     |
