## CERTIFICATE OF ANALYSIS

### Raltegravir Amine

#### Identification

|                   |                                                                                                                  |
|-------------------|------------------------------------------------------------------------------------------------------------------|
| Product Name      | : Raltegravir Amine                                                                                              |
| Chemical Name     | : 2-(2-aminopropan-2-yl)-N-[(4-fluorophenyl)methyl]-5-hydroxy-1-methyl-6-oxo-1,6-dihydropyrimidine-4-carboxamide |
| CAS No.           | : 518048-03-8                                                                                                    |
| Molecular Formula | : C <sub>16</sub> H <sub>19</sub> FN <sub>4</sub> O <sub>3</sub>                                                 |
| Molecular Weight  | : 334.4                                                                                                          |
| Structure         | :                                                                                                                |

#### Analytical Information

|                       |                                  |
|-----------------------|----------------------------------|
| Appearance of Product | : White Solid                    |
| Solubility            | : Chloroform & Methanol          |
| Long Term Storage     | : 2° to 8° for long term storage |
| HPLC Purity           | : >97%                           |
